F                   Em
Lord, you are so wonderful,
 G                  Am
I can't describe this beauty,
F            Em
Lovely and mighty,
 G                  Am
I cannot show your holiness.

        G           Am
    You are the only light
          G                  Am
    In the deepest, deepest darkness.
        G           Am
    So what can I say
        G           Am
    To show how I love you,      love you.

      F                Em
Oh God you are the only hope
      G               Am
For all your beloved children.
F              Em
I don't need to be afraid,
G                  Am
'Cause you hold me in your arms.
