

I PRAISE GOD

Praiser (Marcus Bender & André Keller)

C G
I might be drunken sometimes, might have done wrong to girls/boys

I might have been confused and lost, might have treated people bad
C G

And I might have disobeyed, when the Lord spoke to my heart

But no matter what happened in my life

I praise Go - o - o - od I praise Go - o - o - od
F G F G Am

And nothing will ever hinder me from loving God

And others might have hurt me, things went down the drain
And it wasn't like i wanted it to be and some efforts seemed in vain
And there also were seasons of light, sunny days that blessed my heart
But even in the darkest times

I praise Go - o - o - od I praise Go - o - o - od
And nothing will ever separate me from my God

I don't say that life is easy, i don't say that it's always bright
C G F G Am

And it's not simply neat and clean or always black and white
But I do love my saviour, no matter what may come
In his wounds my ones will heal too and all the hurt I've done

F G Am

And all the hurt I've done
